CLEARLY COLLABORATIVE.

To some, a workspace is where meetings happen, where people collaborate, where the job gets done. To others, workspaces are something more—where culture is enhanced, where purpose is found, where good ideas become great ideas.

At Clear Design, we don't believe in average workspaces. We're more about the ones that unlock creativity, passion, and productivity like you've never seen before. We do this with a line of seating, desking, benching, lounge furniture, and storage that's smarter, better, and gets there faster.

To get the most out of your office, we offer straightforward options that keep costs down. We do this because we believe attaining a high-performing office shouldn't come at a high price. To that, we add the support of an expert team, ready and willing to help—from space planning to installation and beyond.

Clearly open. Clearly collaborative. Clearly faster. **This is space like you've never seen it.**

BLADE OPEN PLAN

B BLADE Open Plan Workstations are redefining corporate culture one desk at a time. Our design team created the BLADE concept with your growth in mind. Because of BLADE's sleek, minimalistic design, it takes up less space than traditional systems. Instead of purchasing more real estate, BLADE is designed to adapt to your space. With endless configurations available, we represent the greatest return-on-investment possible. BLADE exhibits the perfect blend of style and functionality.

BENCHING

B BLADE Benching is designed to promote an environment conducive to effective communication. Engineered with the team in mind, this system features an expanding beam support with add-on capabilities. This means that you can add any number of workstations, or simply reconfigure the entire pod using the existing pieces. Straight benching will also achieve the maximum person-per-room ratio.

FEATURE: BLADE Benching Workstations

CASE STUDY: Marketing & Branding Company

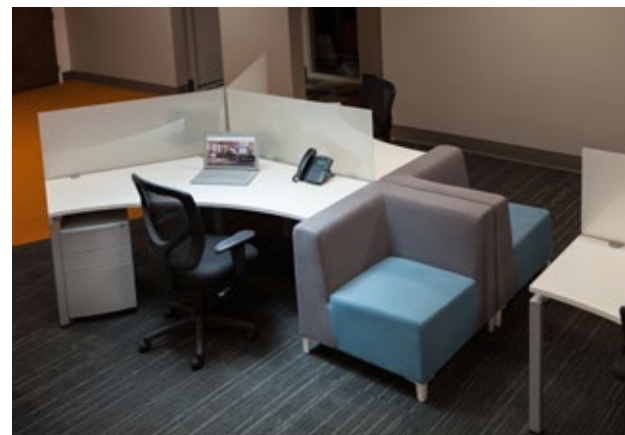

FEATURE: BLADE White-Steel Benching Workstations

120 DEGREE

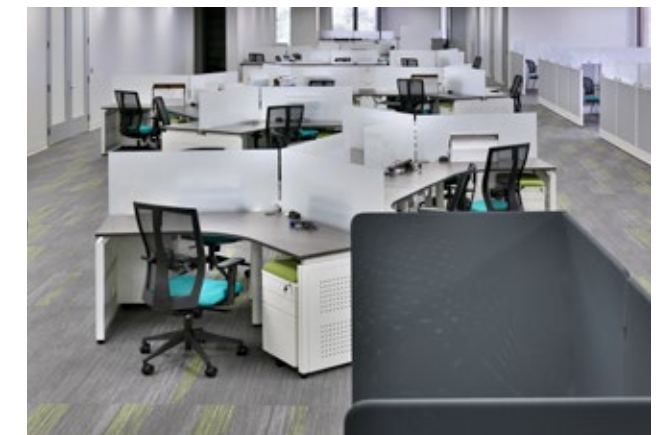

B BLADE 120 Degree Workstations are designed to create the ultimate working environment. The ingenuity of these workstations lies in the non-linear lines of sight, meaning that no person is directly facing another. The contour of the surface also allows equal reach along all sides. BLADE 120 Degree Workstations provide an open atmosphere while enhancing your ergonomics, simultaneously.

CASE STUDY: Corporate Design Firm

CASE STUDY: Marketing Agency

CASE STUDY: Medical Care Center

PRIVATE OFFICE

B BLADE Private Office Workstations merge modern design with efficiency. Although there are many benefits to an open plan layout, there is still a need for enclosed private office spaces. Such private offices or focus rooms offer increased concentration and privacy. BLADE Private Office Workstations are designed around you and your needs, maintaining minimalistic design while embodying prestige.

FEATURE: BLADE U-Shape Workstation

CASE STUDY: Marketing Agency

FEATURE: BLADE L-Shape Workstation

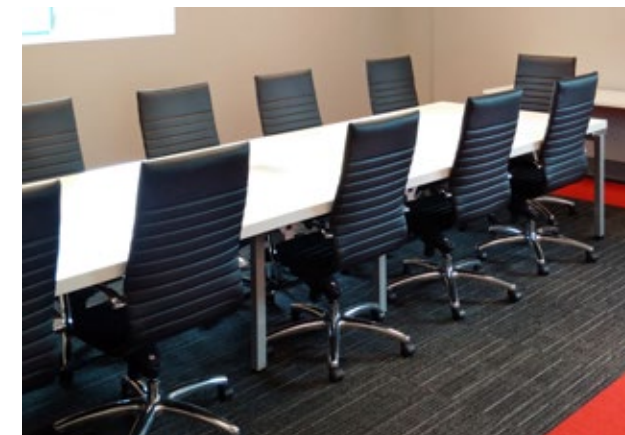

CONFERENCE

B BLADE Conference Tables facilitate effective meetings. Equipped with virtually any power configuration—including DATA, USB, HDMI, etc.—these tables are high-performing for all your needs. Add as many in-surface power/data modules as desired, and hide cords with optional additional wire-management. BLADE Conference Tables are available in a variety of widths and lengths to fit any size room.

CASE STUDY: Corporate Design Firm

CASE STUDY: Rubber Products Supplier

FEATURE: BLADE Conference Table

STANDING-HEIGHT

B

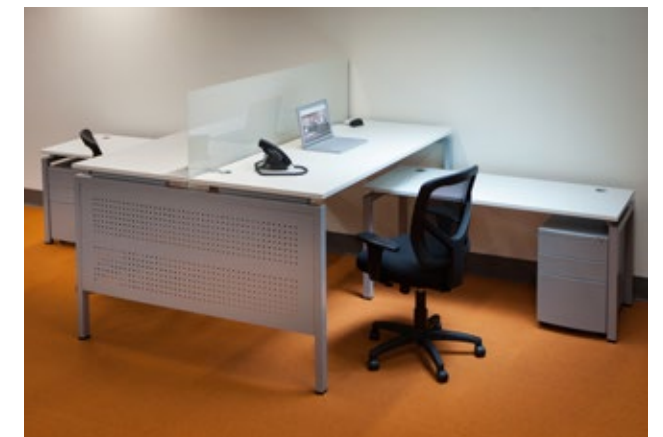

BLADE Standing-Height Workstations and Collaboration Tables enable you to live a healthier and more productive lifestyle at work. Add a drafting kit to your chair, and alternate between sitting and standing throughout the day. For more casual meetings, take your team huddles to the next level with a Standing-Height Marker-Board Collaboration Table. Write, draw, and share ideas clearly and easily.

CABLE TRAY RISER

BCTX-RK

B BLADE Cable Trays have received an upgrade! Say "Hello!" to our Cable Tray Riser. This new component adds a whole new level of functionality to power/data and wire management system.

CABLE TRAY RISER: Lifts Harness from Tray, allowing wires to flow underneath. Also houses Data Faceplate.

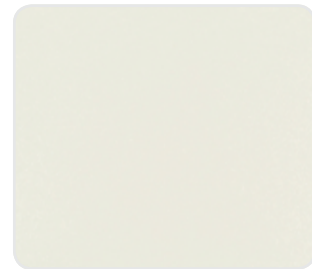

POWER HARNESS: Houses 4-8 Duplex Receptacles (with 2 outlets each). Can be mounted to Tray, Riser, or Surface.

DESKTOP POWER UNIT: Brings two power outlets to the workstation's surface. Mounts to surface's grommet.

CABLE VERTEBRAE: Manages and hides wires running from floor to Cable Tray. Mounts to surface.

BOOST HEIGHT-ADJUST.

B BOOST Height-Adjustable Workstations allow you to take control of your health and productivity through improved ergonomics. Sitting for extended periods can cause numerous problems, but alternating between sitting and standing keeps your body from becoming sedentary. Featuring a 3-stage base, digital handset with 4 custom presets, and dual/triple motor, the BOOST Height-Adjustable Frame is smooth, fast, and responsive. Enjoy higher employee morale and enhanced employee retention rates as a result.

BOOST

ACRYLIC MODESTY PANELS: Add a touch of elegance.

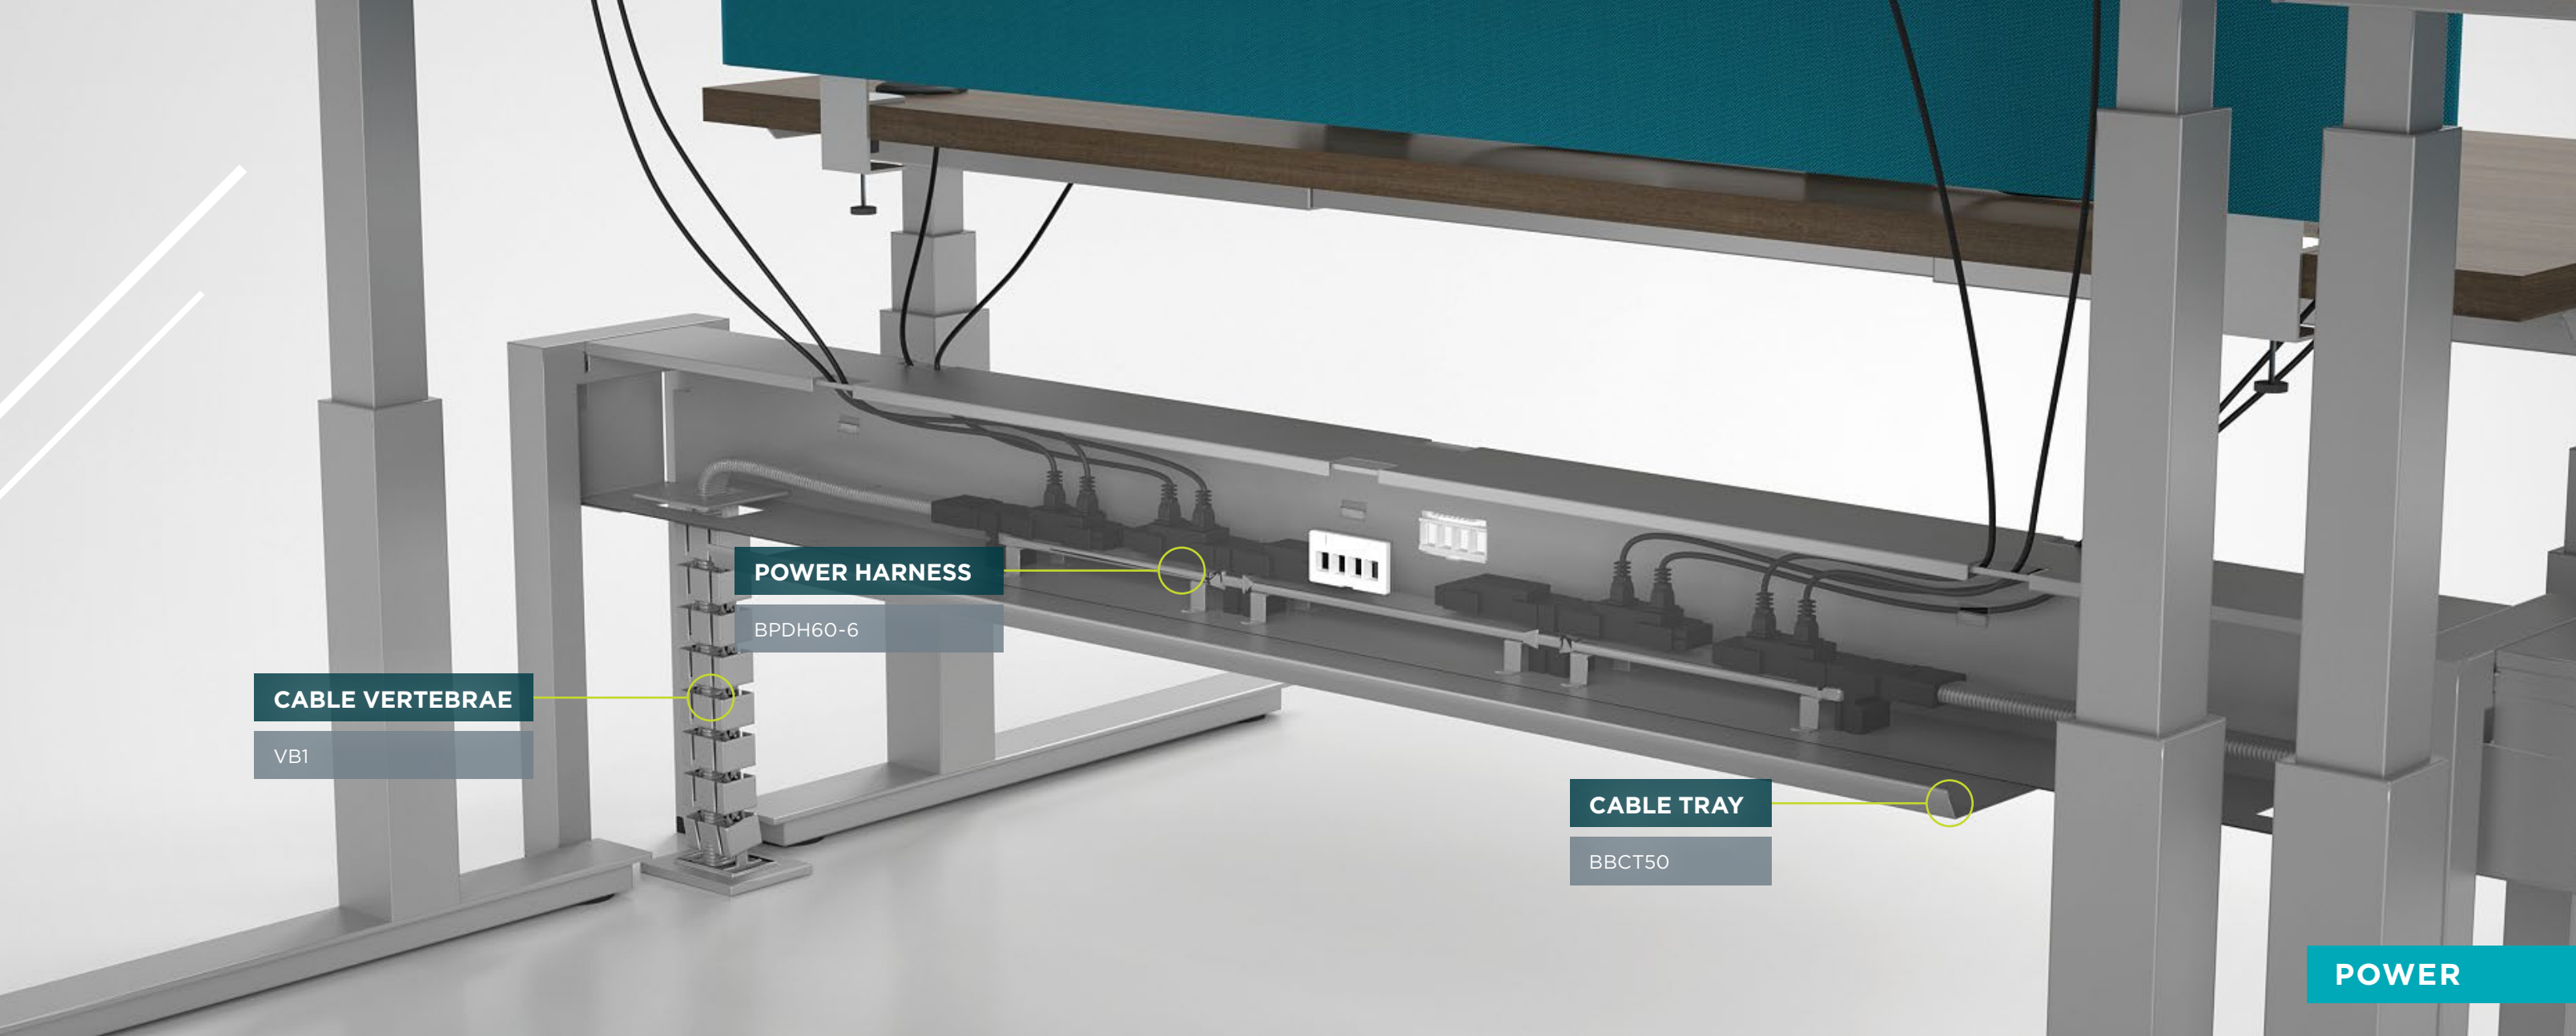

WHITE STEEL: Now available, in addition to Silver.

DRY-ERASE FROSTED GLASS: Style meets Functionality.

OPTIMA TRAINING ROOM

OPTIMA Training Tables are built to optimize your work environment by allowing for quick setup and reconfiguration. These table frames feature a "flip and nest" function, which makes mobility and storage convenient and space-saving. Fold and store extra tables to the side for a small team meeting, and then unfold and reconfigure them to accommodate everyone at the next full-staff meeting or special event! OPTIMA Training Tables also come with optional power solutions so you can stay plugged in.

KOLAB FURNITURE

KOLAB Collaborative Furniture promotes everything from focused, individual tasks to quick, casual meetings. This product consists of modular segments that can be linked together to create any custom configuration. Easily break it down and reconfigure it in another area, or make a statement by choosing from a variety of bold custom fabrics. KOLAB Collaborative Furniture is flexible and is designed to foster innovation and productivity. Use it to diversify your layout by creating designated activity spaces.

KOLAB

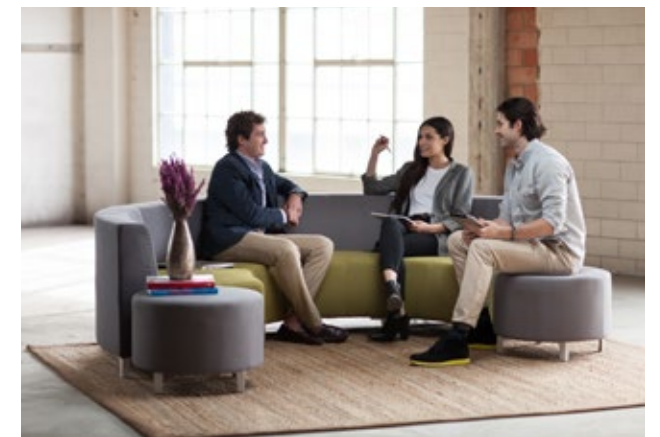

2-SEAT SEGMENT: Shown in FAST Program's blue fabric.

OUTWARD CIRCLE: Seats 8 people.

S-SHAPE: Seats 4 people (plus 1 stool).

INWARD HALF-CIRCLE: Seats 4 people (plus 2 stools).

SEATING SOLUTIONS

S

SEATING is every bit as important as the workstation you work at. Not only does it determine how comfortable and productive you will be, but it also makes a first impression and says a lot about your company. We offer ergonomic SEATING solutions for every area of your office—from the guest area to conference room. Our chairs will allow you to work in comfort, collaborate with confidence, focus in style, and make your guests feel welcome. Choose from stool-height, flex-back, and other key features.
